

for studios · coaches · spaces

respira

*in-house tools for the people holding space —
audio, apps, and a directory, built by happy
sunday and given freely.*

openrespira.org a happy sunday practice

the invitation

bring respira into your practice.

respira is a free breathing & movement practice. for the studios, coaches, and community spaces holding the work, we've built a toolkit — yours to use, at no cost.

respira radio

stations for your rooms, your classes, your reset.
free to stream. add your own sound through open
floor.

your own app

a branded breathing & movement room, built on respira
and handed to you — your name, your voices, your
soundscapes.

respira 100

the curated directory of trusted studios & spaces.
get on the map, and let people seeking care find you.

helpdesk

support for the people doing the work — answered with
warmth, never a ticket number.

open floor

bring your sound, your voice, or a set to the
community. selected work is featured on respira
radio.

all of it, free.

respira is self-funded through the happy sunday cooperative — a 501(c)
(3) building economic dignity across the diaspora. the tools are
given, not sold. if they help you hold space for your community,
they're working.

the directory

respira 100 — the curated hundred.

*ten cities. ten spaces each. women-led, black- and latina-owned studios
holding the practice around the world. a trusted map for people seeking care
— and a seat worth earning.*

women-owned

black-owned

latina-owned

community-led

want on the map?

the hundred is always a hundred — a fixed frame, growing in quality.

*submit your space at openrespira.org → local → get
on the map. every submission is reviewed; selected spaces earn a seat.*

the full hundred follows.

every space in the network, by city — name, neighbourhood, rating, and
where to find them. the living directory people carry with them.
